Agentic AI Developer with hands-on experience in building multi-agent autonomous systems using Large Language Models, LangGraph, and FastAPI. Skilled in designing adaptive AI workflows for interview simulation, evaluation, resume analysis, and decision-making automation. Experienced in developing production-ready REST APIs and AI-driven platforms.

PROFESSIONAL EXPERIENCE

Zennial Pro Pvt Ltd

OCT 2025 – Present

Trainee Software Engineer

- Developing and deploying agentic AI systems for autonomous decision-making and workflow automation.
- Built AI-powered web apps with FastAPI backend and integrated Large Language Models (LLMs)
- Applied prompt engineering to optimize LLM-driven features.
- Created REST APIs for AI system communication.
- Tech Stack: Python, FastAPI, LLMs, Prompt Engineering, REST APIs.

IntelliPaat

JUNE 2024 – August 2025

Intern

- Completed hands-on internship at IntelliPaat, mastering AI, Machine Learning, and Data Science frameworks.
- Executed end-to-end ML workflows including data preprocessing, feature engineering, and model optimization.
- Implemented predictive models using Python libraries: Pandas, NumPy, Scikit-learn, and Matplotlib for analysis and visualization.
- Developed solutions on real datasets, enhancing accuracy and efficiency through iterative tuning.
- Gained practical expertise in deploying ML pipelines and interpreting complex data patterns.

EDUCATION

Malla Reddy University

2025

B-Tech in “Computer Science and Engineering”

CGPA: 8.00

SKILLS & OTHER

- Programming languages: Python, Java, C, C++.
- Frontend: HTML, CSS, JavaScript, React.
- Backend: FastAPI, Rest APIs, Async Python.
- Databases: MySQL, PostgreSQL.
- Other skills: Natural Language Processing (NLP), Agent Workflow Design, API Testing and Debugging.
- Agentic AI & LLMs: Large Language Models (LLMs), Prompt Engineering, LangGraph, Autonomous Agents.
- AIML: Machine Learning, Deep Learning, NLP, Neural Networks.
- Cloud: AWS (EC2, S3), Azure, GCP(Basics).
- Tools: Git, TensorFlow, PyTorch, Keras.

PROJECTS

AI Interview Agent:

- GitHub: https://github.com/srujanlakku/Ai_interview_agent
- Built a multi-agent AI Interviewer system using LangGraph and LLMs for adaptive technical and behavioral interview simulation.
- Implemented autonomous agents for question selection, follow-up generation, coding evaluation, and soft-skill scoring.

- Developed FastAPI-based REST services for interview sessions, evaluations, dashboards, and analytics.
- Tech Stack: Python, FastAPI, LangGraph, LLMs, Agentic AI, REST APIs, PostgreSQL, Git.

AI Research Assistant :

- GitHub : https://github.com/srujanlaku/ai_research_assistant
- Developed a production-ready research assistant using LangChain tool-calling agents to analyze unstructured research content and extract structured insights, risks, and opportunities.
- Built a modular, extensible pipeline with autonomous agents to orchestrate workflows and perform context-aware reasoning across research inputs.
- Delivered architecture suitable for future RAG integration, LangGraph migration, and REST API expansion.
- Tech Stack: Python, LangChain, Agentic AI, LangSmith, LLMs, Modular Pipeline Design, Git

Smart Attendance System Using Face Recognition:

- Designed and implemented a face recognition-based attendance system using OpenCV and deep learning models.
- Developed real-time face detection and identification algorithms to automate attendance marking.
- Integrated the system with a backend database (MySQL/PostgreSQL) for secure and efficient attendance data storage.
- Tech Stack: Python, OpenCV, TensorFlow, CNN, MySQL, Flask, NumPy, Pandas.

CERTIFICATIONS

1. SQL Course	- Intellipaat (March 2025)
2. Data Science Course	- Intellipaat (March 2025)
3. Python Training	- Intellipaat (April 2025)
4. Agile Explorer	- IBM (November 2025)
5. AI for Everyone	- Coursera (November 2023)
6. Automize Business Communication Using Power Automate	- Coursera (November 2023)
7. Design and Develop a Website using Figma and CSS	- Project Network (October 2023)
8. Use BaseCamp for Project Management	- Coursera (October 2023)
9. Creative Information Presentations using Google Slides	- Coursera (November 2023)

ACHIEVEMENTS & AWARDS

- Telangana State Chess Champion – First Prize, 2017.
- Telangana State Chess Champion – First Prize,2018.
